MCKINLEY IS NOTIFIED

Senator Lodge Tells Him He Was
Nominated for President.

PRESIDENT REPLIES.

The Speeches Were Listened to by a
Vast Crowd—Roosevelt also Not-
ified—Bryan to Be Notified
at Indianapolis.

Canton, O., July 12.—The severe storm
Wednesday night was succeeded
today by real "McKinley weather."
The day dawned bright and clear with
a crisp breeze and warm sun dispelling
all evidence of the storm. At the Mc-
Kinley residence the effects of the storm
was apparent in the disarrangement of
flag decorations at the big luncheon tent,
but these were soon straightened up and
everything was in readiness for the cer-
emonies at the appointed time.

The second notification to William
McKinley that he had been selected as
the nominee of the Republican party
for president was made at the same
place as the first accessories similar to
the occasion four years ago. Then the
chairman of the committee was Senator
John M. Thurston of Nebraska, who
had been permanent chairman of the
convention. Today Senator Lodge
of Massachusetts stood upon the same
porch and in the presence of a vast
multitude officially notified President
McKinley he was the unanimous choice
of the Republican national convention
for president. The speech of Mr. Lodge
and the response of President McKinley
were intended to be more than formal
and to a certain extent formed the basis
upon which the campaign is to be fought
this year. Their utterances were lis-
tened to with the closest attention by
many prominent Republicans present.

Chairman Lodge and members of the
notification committee, together with
Chairman Hanna and members of the
national committee, arrived on a special
train from Cleveland at 11 o'clock. They
were met at the station by the citizen's
committee in charge of arrangements
and with a band of music escorted to
the home of President McKinley. Sev-
eral flags had been hung to the breeze
and the streets through which the pro-
cession moved had some indications of
celebration. Various organizations and
clubs as they arrived marched to the
president's home and were grouped
about the place within seeing and hear-
ing distance of the ceremonies.

Roosevelt Notified.

Oyster Bay, N. Y., July 12.—Govern-
or Roosevelt was today officially not-
ified of his nomination for vice president
at his country home at Sagamore near
Oyster Bay. The notification speech
was made by Senator Wolcott, chair-
man of the committee and Governor
Roosevelt replied briefly.

Democratic Notification.

Chicago, July 12.—Bryan and Steven-
son will be officially notified of their
nominations at Indianapolis, on Aug. 8,
if the plan made by the Democratic
managers holds good. Mayor Taggart
of Indianapolis paid a flying visit to
Chicago and is said to have convinced
Chairman Jones that the Democrats will
be able to carry Indiana if the notifica-
tion ceremonies are held at the Hoosier
capital.

Fusion Candidate for Congress.

Panola, Kas., July 12.—Ex-Congress-
man Mason Peters of Kansas City, was
nominated for congress here by the fu-
sion convention of the Second Kansas
district. His closest opponent was ex-
Governor John P. St. John. The Dem-
ocrats and Populists each had 73 dele-
gates in the convention.

Buckner's Views.

Louisville, July 12.—General Simon
Buckner, who was General Palmer's
running mate on the national Demo-
cratic gold ticket in 1896, has come out
against the nomination this year. Gen.
Buckner favors adopting a platform de-
nouncing free silver and not nominating
a ticket, leaving the gold Democrats
free to vote as they choose.

White for Governor.

Charleston, W. Va., July 12.—The
feature of the Republican state conven-
tion here Wednesday was the speech of
Senator Elkins as temporary chairman.
A. B. White was nominated for govern-
or. He was internal revenue collector
under Harrison as well as under Mc-
Kinley. He is a son of E. E. White, the
author and educator.

No Speeches This Year.

Canton, O., July 12.—The campaign
of 1900 in Canton will not be a duplicate
of the campaign of 1896. President Mc-
Kinley will not make speeches to delega-
tions who may visit Canton if he should
remain here all the time. He says that
four years ago he was a private citizen
and the candidate of his party and felt
justified in taking an active part in the
campaign. Now he is president and feels
that he should give his attention

to the duties of government.
He will make no speeches from the front
porch to visiting delegations.

Shot by the Girl's Father.

Guthrie, O. T., July 12.—R. T. Stew-
art, a farmer of Springer township is
in jail charged with shooting with in-
tent to kill. He walked in and gave
himself up to the sheriff, stating that he
had shot Charles McBride for enticing
his 14-year-old daughter away from
home. McBride's injuries are not fatal.

HONORS FOR AN AMERICAN.

He Is Made Prime Minister of Santo
Domingo.

Indianapolis, July 12.—According to
a dispatch received here, W. Swift
Wright is now prime minister of the
republic of San Domingo. The honor
came to him as the result of his assis-
tance and advice to President Jimenez
during the rebellion on the island, and
the president's march against the capi-
tal.

Mr. Wright is a Logansport and In-
dianapolis man. He was editor and pro-
prietor of a paper in Logansport for
many years, and was deputy secretary
of state under Secretary W. D. Owen.
When the Spanish war broke out he
was appointed lieutenant in the signal
corps and served during the Cuban
campaign.

Mr. Wright went to San Domingo on
a prospecting trip, when he accidentally
fell in with Jimenez and became his
chief adviser during the campaign.

NO AGREEMENT YET.

The Fusion in Nebraska Split on Pro-
portion of State Officers.

Lincoln, July 12.—Daylight this
morning found three fusion state con-
ventions, which began Wednesday
afternoon, still in session with practi-
cally no progress made further than the
adoption of separate platforms. The
whole question hinges on whether the
Democrats would yield from the position
they had taken in demanding two places
on the state ticket, together with all
electors for president and vice president.
All efforts to bring about a surrender
has been howled down derisively.

In Populist gatherings some fiery
speeches were made in denunciation of
the stubborn attitude assumed by the
Democrats.

In the Democratic convention W. H.
Thompson pleaded for harmony and
further overtures to Populists.

Silver Republicans were quiescent
throughout the night simply waiting
for others to act. Shortly after 5 o'clock
the three conventions took a recess.

TO PREVENT STRIKES.

Railway Commission of Chicago Declare
for Municipal Ownership.

Chicago, July 12.—The railway com-
mission of the city council has decided
in favor of a modified form of municipal
ownership of street railway properties
and in favor of a form of compulsory ar-
bitration in labor disputes which would
make street railway strikes impossible.

The commission agreed that street
railway strikes are such an interference
with public business that the munici-
pality is justified in taking steps to pre-
vent them. While no plan was selected
formally, the opinion was that all grants
of franchises should have a clause pro-
viding for compulsory arbitration.

The commission committed itself to
municipal ownership so far as the track-
age and other parts of a street railway
plant actually in and a part of the street
are concerned. It did not decide in
favor of municipal ownership of rolling
stock, power houses, and other parts of
the plants, and municipal operations
did not come up at all.

The Powers Trial.

Georgetown, Ky., July 12.—In the
Powers trial this morning the defense
asked that the orders yesterday show
that six temporarily accepted jurors
were sworn to try the case. Judge Can-
trill granted the request, but refused
to permit the names of six jurors
to appear in the order. The swearing
of the jurors before the full jury
selected will likely be urged as an
error in the case of appeal. A special
venue of 100 men are here and the mak-
ing up of the jury has been resumed.

At 11:30 o'clock 12 jurors had been
selected temporarily. Of the six last se-
lected four are Democrats and two are
Republicans. The judge has ordered the
commonwealth to make its peremptory
challenges and the attorneys are now
consulting as to who will be challenged.

Chasing Train Robbers.

Paducah, Ky., July 12.—Several rail-
road and express detectives are at work
on the Illinois Central robbery near
Wickliffe, Ky., but there are no new
developments. The robbers divided the
spoils on a small island opposite Fort
Jefferson then went down the Mississippi
not abandoning the shifts until they
reached the Memphis and Charleston
railroad, where they are reported to
have been seen walking south on the
track. This is the clew now to be fol-
lowed. Bloodhounds failed to be of
service.

CHINESE SITUATION.

No Word from Foreigners in Pekin
in Eighteen Days.

RELIEF IS FAR OFF.

No Prospect of Getting Allied Troops
to the Chinese Capital for Some
Time—Attempt to Murder
Prince Tuan Failed.

London, July 12.—The Chinese situa-
tion again bears a most ominous aspect.
Eighteen days ago Sir Robert Hart dis-
patched his last message, declaring that
the situation was desperate and since
then no word has come from the Euro-
peans in Pekin.

According to the Daily Mail's Shanghai
correspondent, Li Hung Chang has re-
ceived an imperial decree ordering his
immediate departure for Pekin, presum-
ably to break the news of the Pekin
tragedy to the European powers and in-
his usual role of negotiator with Europe
in difficult matters to endeavor to act
as mediator and to avert the vengeance
of the powers. To add to the grimness
of this suggestion, all advices from Tien
Tsin tend to confirm the reports of the
perilous condition of the allied forces
and belie the reports of the optimistic
Chinese rumors. Unless reinforcements
speedily reach Tien Tsin another dis-
aster may be expected.

The Daily Mail's Tien Tsin correspon-
dent, telegraphing July 5 says:

"The situation is about as bad as it
can well be. I only trust that we shall
not soon want relieving ourselves. A
forward movement is impossible. From
30,000 to 40,000 troops are wanted and
there are only 10,000 here. The foreign
troops are working well together but it

PRINCE TUAN.

is inconvenient that there is no supreme
commander. In some quarters the feel-
ing is, 'Let us rescue Pekin and then
clear out in favor of Russia.'"

Other Tien Tsin correspondents say no
advance is possible until Sept. 1, and ex-
planations are being asked by the papers
here of the tardy action of Japan in send-
ing troops, since it is known that she
was ready and willing to send them and
that Russia raised no objection to her
doing so. It is hinted that a difficulty
arose as to the manner in which Japan
was to be repaid for her heavy outlay.
Rumors are current that Japan demand-
ed the cession of a Chinese port.

All kinds of stories come from Shang-
hai which it is impossible to verify. It
is stated that the boxers have murdered
the chancellor of the Pekin university
and 60 of the members of his family and
servants.

A confidential officer of General Yung
Lu, disguised as a boxer, is reported to
have crept into Prince Tuan's tent while
the prince was sleeping, with the inten-
tion of stabbing him. He was caught
by the sentries, so the story goes, and
decapitated on the spot. His head was
sent with Prince Tuan's compliments
to Yung Lu, warning him to beware.

The French consul at Shanghai has
news that the Chinese prefect at Mouk-
den himself murdered a Catholic arch-
bishop in his yamen. Besides Archbishop
Guillon, Fathers Crunet, Bourgois and
Venillot and two sisters of the French
mission, and numerous native Christians
were massacred.

MISSIONARIES SAFE.

Rev. Brown Gives Names of Those Who
Escaped the Chinese.

New York, July 12.—The Methodist
Missionary society has received a cable-
gram from the Rev. Frederick Brown at
Che Foo in response to repeated inqui-
ries by cable. It is the most cheering
news received lately. Mr. Brown cab-
led simply the word "Safe," followed
by a list of names of various missiona-
ries. Those designated with their sta-
tions are as follows: Rev. Fred Brown,
Pekin; Miss Hopkins, M. D., Lang Shan;
Rev. J. N. Pyke, Tien Tsin; J. Victor
Martin, Tien Tsin; Rev. J. F. Haynor,
Tsung Hua; Edward and George N.
Lowrey, Pekin; Rev. and Mrs. H. E.
King, Pekin, and Rev. G. W. Herrity,
Shan Tung.

The Lowreys are not, strictly speak-
ing, missionaries; but they are the sons
of Rev. Dr. H. H. Lowrey, the presi-
dent of the Pekin university, who is

now in this country. George N. Lowrey
is a physician, and his brother, Edward,
has been in the customs service.

There are also named in the list as
"safe" a number of women sent out by
the Women's Foreign Missionary soci-
ety of the Methodist Episcopal church.
They are Ella E. Glover of Pekin, Mary
E. Shockley of Tien Tsin, Miranda
Crevcher of Tsun Hua, Ida M. Steven-
son, M. D., of Tien Tsin, Rachael R.
Benn, M. D., of Tien Tsin and Mrs. B.
L. Barrow of Shan Tung.

ONLY WANT A DELAY.

No News of the Fate of the Foreigners
Comes from China's Capital.

London, July 12.—The character of
news received here only tends to confirm
pessimism in London concerning the
fate of the international colony at Pekin.
Observers see in the edict from Pekin
and other information emanating from
Chinese official sources, only attempts to
gain time and the desperate anxiety on
the part of some one to make an apology
for the outrages committed at the capi-
tal.

The latest news from Tien Tsin con-
siderably intensified the general alarm.
The lack of cohesion among the allies
and consequent failure to make headway
render the situation there critical.

The British admiralty has received the
following dispatch from Vice Admiral
Seymour:

"Tien Tsin, July 7.—Chinese continue
fighting, often shelling the settlements.
They are extending their lines along the
Lu Tai An canal to the northeast
and appearing in greater force west
of the city. Yesterday we bombarded the
city and immediate suburbs which
stopped the Chinese gunfire for some
time. The French settlement and sta-
tion is most subject to attack. Today
there was another bombardment. Am
steadily getting up more guns. Ten
thousand troops are here. More are re-
quired, but both Russian and Japanese
are expected."

TUAN REPORTED INSANE.

The News Gets to Che Foo and Is Re-
ported Good Authority.

Che Foo, July 12.—It is reported on
good authority that Prince Tuan has
become insane.

In consequence of the movements of
the rebels toward Tsin Tau the Germans
have withdrawn some of their troops
from Taku to protect Tsin Tau.

The women and children from New
Chwang have arrived here.

Kempff Wants a Big Army.

Washington, July 12.—Other govern-
ments are acting with the United States.
Admiral Kempff wants a large Ameri-
can army in China, but the officials here
think 11,500 men enough.

German Commander in China.

Berlin, July 12.—Major General Von
Lessel, commander of the Twenty-
eighth army division, has been appointed
commander of the German forces in
China with the rank of lieutenant gen-
eral.

Japan to Send Fifty Thousand.

Yokohama, July 12.—Though no de-
cision has yet been announced, it is cer-
tain that Japan will send nearly 50,000
troops to China. Press agrees that dis-
patch of so large a force is a duty in the
interests of humanity, but asserts that
a large measure of responsibility for the
troubles rests upon Russia and Germany
because of their arbitrary action in China.

Sheriff's Association.

El Paso, Tex., July 12.—The State
Sheriff's association completed the work
of its annual convention at 5 o'clock
Wednesday afternoon and adjourned to
meet in Houston on the second Tuesday
of July, 1901. John W. Vann of Kerr
county, was elected president, Sterling
P. Clark of Tarrant, vice president, and
John P. Kirk and R. E. White, both
of Travis, were reelected secretary and
treasurer, respectively.

Mill to Make Cotton Yarns.

Corsicana, July 12.—Corsicana capi-
talists and outside capitalists are organ-
izing to erect in this city a mill for the
manufacture of cotton yarn exclusively.
The outside capital is strictly foreign, all
the outside members of the company
being English subjects. It is the pur-
pose of this company to have the mill
completed in time to handle a part of
this year's cotton crop.

The Belle Swan Sinks.

Bradford, Fla., July 12.—Captain E.
E. Gouldin and part of the crew of the
Belle Swan have just arrived here and
reports that the steamer sank Friday
night last in Horse Shoe bay, 25 miles
from the mouth of the Suwannee river.
No lives were lost. The vessel was not
insured.

Charged With Murder.

Houston, July 12.—The sheriff's de-
partment has arrested Jim Riley, Julian
Adams, Mitchell Harris and Charles
Harris on the charge of having assisted
in the lynching of Henry Jefferson near
this city Sunday night.

Scarlet Fever at Palmer.

Palmer, Tex., July 12.—Several cases
of scarlet fever or scarletina have been
reported here. One death resulted and
19 cases are reported in and near town
by one physician.

Captain Conrad Dead.

St. Louis, July 12.—Captain Peter Con-
rad, one of the pioneers of the steamboat
business on the Mississippi river, died at
St. Mary's infirmary. He was 80 years
of age and leaves a son and daughter.

Three Women Injured.

Dallas, July 12.—Mrs. Henry Godard,

sell were seriously injured here Wednes-
day evening in a runaway. Mrs. Car-
rico's injuries are dangerous.

FOR ROAD IMPROVEMENT.

Result of Committee Work Yesterday—More Funds Needed.

The road improvement committee was out again yesterday and made some additions to the subscription list, but the total is still below the thousand mark and the committee will keep up the fight until their efforts are crowned with success. They feel much discouraged with the reception they have received in some instances, and hope that all will awake to the pressing need of the situation and respond liberally. The people of the community should feel under lasting obligations to the members of the committee who are neglecting their own business and giving their time to a disagreeable and thankless task for the general good.

NEGRO TROOPS RAMPANT.

Two Are Shot at San Antonio by Police in a Riot.

San Antonio, July 12.—A riot and pitched battle between a detachment of mounted city police and a rabble of armed negro soldiers occurred on the street in front of Fort Sam Houston at 11:30 o'clock last night. Two negro soldiers were shot and dragged off by their comrades and a horse was shot from underneath Policeman H. A. Curry. The police arrested 18 half naked, drunken negro women over which the riot ensued.

The negro soldiers received their June pay Wednesday and they held an orgie on the street with the disorderly negro women. A detachment of 10 patrolmen and five mounted police were sent to the scene. The patrolmen filled a streetcar full of negro women while the mounted officers held back the drunken soldiers. When the car started for town the soldiers charged, opening fire with pistols. Some of the lights in the car were shot out. The five mounted policemen returned the fire. A provost guard was sent to the scene and soon quiet was restored.

NATIONAL EDUCATORS.

Contest Over Next Place of Meeting Narrowed to Three Cities.

Charleston, July 12.—The members of the National Educational association were very busy Wednesday, two sessions of the general organization and meetings of two other departments taking up their time. Booker T. Washington, the negro educator, drew the largest crowd of the convention at the auditorium at night, speaking on the advance of the colored man along educational lines.

The nominating committee will meet at noon today and decide on a candidate for president. California is expected to present the name of Prof. Forshay, of Los Angeles, but the sentiment of many of the delegates is that the honor should go east and Prof. J. M. Green of Trenton, N. J., seems to be in favor. Prof. Proctor of Chicago, will probably be made vice president.

Cincinnati and Detroit are claiming the next convention. St. Louis has put in a bid for the convention in 1903, the year of their exposition.

The delegates are improving their odd hours by visiting the numerous island resorts and the many historic places around Charleston.

Officers Elected.

Charleston, S. C., July 12.—The National Educational association elected J. M. Green of Trenton, N. J., president; L. C. Greenlee of Colorado treasurer, Irwin Shepard of Winona, Minn., holds over as secretary. Among the vice presidents elected were C. H. Cooper of Texas and R. B. Fulton of Mississippi.

Stacking Wheat About Caddo.

Caddo, L. T., July 11.—There is prosperity in the country around Caddo. The farmers have harvested the largest crop of wheat and oats in the history of this section. Many are stacking the grain and it is not believed the threshers available can handle the crop in sixty days. Corn prospects were never better, and cotton is very promising for this season. The grass has been good. Water is plentiful and cattle are consequently in fine condition.

Telephone Girls on a Strike.

Houston, July 12.—Sixty-eight telephone girls joined the Electrical Workers' union Wednesday and immediately afterwards a strike of all the employees of the local Southwestern Telegraph and Telephone company was ordered. Only five of the girls working refused to join the union. The strikers demand the reinstatement of two girls who were discharged for joining the union last week and the employment of only those who belong to the union.

Oil Found Near Palestine.

Palestine, Tex., July 12.—Another new industry is on foot here. The Palestine Coal and Mining company while making experiments on lands near this city found oil existed and will at once begin the development of the industry. Forces of workmen were sent out. The company has drawn up charts of the land, and it is the intention to sink several wells.

Twenty-four More Bodies.

New York, July 12.—Twenty-four bodies were recovered from the hold of the burned steamer Saale Wednesday, which makes the total dead taken from this ship alone 60. Most of the bodies were so badly burned or mutilated that recognition was impossible. The hull of the Saale is afloat but worthless.

Decide to Hold Their Wool.

Lampasas, Tex., July 12.—The wool growers of Lampasas and vicinity met here in convention to discuss the wool situation and after a general discussion decided not to place their wool on the market for the present, but to await further developments.

Texas' First Bale of 1900.

San Antonio, July 11.—The first bale of cotton of 1900 went today by express to H. & B. Beer of New Orleans, shipped by S. G. Borden & Co. of Sharpburg, San Patricio county.

Shooting at Floydada.

Floydada, Tex., July 12.—A. T. Zion was shot in the right arm and breast here. The wound, although painful, is not considered fatal. J. J. Muncey was arrested, charged with doing the shooting. He made bond and was released.

Died of His Wounds.

Vernon, Tex., July 12.—Ed Brewer, who was shot Sunday, died Wednesday and was buried here. B. J. Norris and son are in jail.

NOT WORKING TOGETHER.

Allied Forces in China Lack the Harmony Needed.

Copyrighted, 1900, by the Associated Press.
Tien Tsin, July 4, via Che Foo, July 8, and Shanghai, July 11.—A homogenous army of half the strength of the allied forces could do better work than is being done by them. The operations are dangerously handicapped and the safety of the city is imperiled by lack of organization and the want of one command to control all the forces. The representatives of the several nations manage their civil and military affairs without cooperation. The ranking officer of each nationality has absolute jurisdiction over the operations of his government troops. Questions of policy are discussed daily at international conferences which have not the power to enforce the wishes of the majority.

Admiral Seymour's method of commanding is to make requests, which the other commanders generally follow, but there has been instances of the ranking officers holding aloof from operations which they disapproved. There is great need of more troops. The present force of 10,000 men is attempting to hold a line 15 miles long around the city. There is also great need of rebuilding the railway to Taku and getting artillery equal to the guns which the Chinese are daily bombarding the allies position.

The week's work resulted in a substantial gain for the Chinese as the allies lost 50 or 60 men and succeeded in accomplishing nothing. Yesterday furnished a new illustration of the weakness of the present methods. A majority of the commanders have agreed that it was imperative to attack the native city beyond the foreign settlements and to destroy the artillery there which menaced the settlements. The attack was fixed four days ago, but was postponed because the Russian commander considered his men unfit for the duty after their recent work. It was again fixed for yesterday, but was postponed because credible reports were in circulation that 1000 regulars from the northwest had reinforced the Chinese. In the meantime the Chinese had removed two big guns on the foot near to the native city and had planted four in the open near the east arsenal two miles away. These shelled the city for four hours, sending in more than 100 shells. They got the range of the public buildings and hospitals and dropped shells all about them. For the most the shells were defective and failed to burst and the others had a small radius of effectiveness.

In the absence of a concerted plan the Russians sent a few companies of cosacs, with two field guns and the Japanese a battery of six 3-pounders, and two companies of infantry supporting the English 12-pounder from the Terrible to silence them. The Terrible's guns failed to get an active position and the Russians had one gun dismounted and four men killed early in the engagement. The Japanese were confident that they silenced the guns in the open, but it appeared to the onlookers that these guns fired the last shots as the Japanese were retiring. The Russians lost heavily and the Japanese had one killed and 12 wounded. The Chinese threw a shells into the city this morning to show that they were still alive.

A British officer described the situation as chaos. He said:

"We have wasted many days in politeness and it is time we did something."

There is no agreement among the commanders, but in the absence of a definite head several of them are disposed to follow their own methods and they simply abstain from operations contrary to these methods. The foreign population is greatly aroused concerning this apparent apathy. While the city is being bombarded they are likely to suffer heavily and they cannot understand the apparent negligence of the government to furnish relief and why reinforcements are not coming faster, the Americans are particularly dissatisfied, because though they have one of the smallest representations, their interests are second to none. One experienced officer said:

"It is impossible to realize at home that there has been more real war here than in Cuba or the Philippines."

The Germans have occupied and raised their flag over the imperial university at Tien Tsin. The officers of the university are Americans. The viceroy deeded the property to them. Consul Ragsdale has protested against the action of the Germans.

ROBBERY IN MEXICO.

Train Wrecked by Bandits Near Chihuahua and Crew Assaulted.

City of Mexico, July 12.—A daring train robbery took place at Santa Eulalia station, near Chihuahua, on the Mexican Central late Tuesday night. When a freight train was sidetracked to let a passenger train pass, it was found that the spikes on the siding had been pulled out. The train was derailed and the train crew attacked by a dozen bandits. Many shots were fired. Meanwhile the passenger train arrived and the crew taking in the situation, pulled back to Chihuahua with the crew of the freight train.

With a force of police the passenger train returned to the scene of the holdup. The robbers had broken into several freight cars and carried away booty. The police and soldiers started in pursuit and one robber was captured with some of the booty. Thus far this is the first train holdup on record in Mexico.
